

WE'RE HIRING

Skilled Maintenance Worker

Salary: \$3,792 - \$4,609 per month

Job Summary:

The Skilled Maintenance Worker, under the supervision of the Public Works Operations Manager and Crew Leader, performs a variety of maintenance, repair, and installation tasks related to public works facilities, equipment, and systems. This role requires expertise in specific Public Works areas and may involve emergency and after-hours response.

Key Responsibilities:

- Maintain, repair, and install water distribution, wastewater, stormwater, streets, traffic signals, signage, and parks.
- Perform skilled work in pipeline repair, water wells, lift stations, paving, and concrete installation.
- Operate tools, vehicles, and heavy equipment safely and efficiently.
- Ensure compliance with safety regulations and best practices.
- Respond to emergency calls and perform related duties as required.

Qualifications:

- Education: High school diploma or GED.
- Experience: Minimum of one year in public works or maintenance; skilled expertise in areas such as pipeline repair, paving, arborist certification, or water treatment preferred.
- Licenses: Valid California driver's license.

Skills & Abilities:

- Ability to perform manual labor and operate hand and power tools.
- Knowledge of safety practices and procedures in public works.
- Strong communication and teamwork skills.

Deadline to Apply: 4 PM on Friday, January 23, 2026
