G. PUBLIC COMMENTS:

This is the time for citizens to comment on subject matters that are not on the agenda that are within the jurisdiction of the Exeter City Council. In compliance with public meeting laws, Council cannot discuss topics that are not included on the published agenda. This is also the time for citizens to comment on items listed on the Consent Calendar or to request an item from the Consent Calendar be pulled for discussion purposes. Public comments related to all pulled Consent Calendar Items and all Individual Business or Public Hearing Items that are listed on this agenda will be heard at the time that item is discussed or at a time the Public Hearing is opened for comment.

In fairness to all who wish to speak tonight, comments shall be limited to five (5) minutes for each individual, ten (10) minutes for an individual representing a group, and thirty (30) minutes overall for the entire public comment period, unless otherwise indicated by the Mayor. Although not required, speakers are asked to begin their comments by stating their name and city of residence.

H. SPECIAL PRESENTATIONS:

None.

I. CONSENT CALENDAR:

Items listed under the Consent Calendar are considered routine and will be enacted by one motion. There will be no separate discussion of these matters unless a request is made and then the item will be removed from the Consent Calendar to be discussed and voted upon by a separate motion.

FACILITY USE POLICY

The following rules and regulations will be <u>STRICTLY</u> adhered to and enforced. Any infraction thereof shall be grounds for the immediate termination of the activity.

 The Undersigned must comply with Tulare County Health Department's COVID-19 guidelines and restrictions. Any event being held at or on City Facilities must first receive approval from the Tulare County Health Department. Proof of approval must be provided to City at time of application.

- 2. Users may utilize picnic benches and arbor owned by the City of Exeter and administered by the Exeter Community Services Division. Users must furnish additional equipment as needed. Table settings, kitchen utensils, etc. must be provided by the applicant. All tabletop and benches must be wiped clean and returned to its original place.
- 3. Nails, thumbtacks, pins, etc. ARE NOT allowed on the arbor structure or lights. ONLY MASKING TAPE MAY BE USED TO ATTACH DECORATIONS TO THE FACILITY. All decorations must be removed at the conclusion of the event.
- 4. Driving on grass at City Facilities is strictly prohibited.
- 5. After event has ended, users MUST pick up all trash in and around the activity and deposit into the trash containers provided.
- 6. REPAIR COSTS: DAMAGES TO ANY STRUCTURE, EQUIPMENT OR GROUNDS ARE THE RESPONSIBILITY OF THE GROUP AND/OR INDIVIDUAL SIGNING FOR THE USE OF THE FACILITY. A PORTION OF, OR THE TOTAL DEPOSIT, MAY BE RETAINED FOR THE REPAIRS, CUSTODIAL OR REPLACEMENT PURPOSES. THE APPLICANT WILL BE BILLED FOR DAMAGES OVER THE AMOUNT OF THE DEPOSIT. A DEPOSIT OF \$100 WILL BE REQUIRED.
- 7. Groups consuming ALCOHOLIC BEVERAGES MUST CONFORM TO THE RULES AND REGULATIONS AS SET FORTH in Chapter 5.08 of the Exeter Municipal Code and MUST APPLY FOR AN ALCOHOLIC BEVERAGE PERMIT through the Exeter Parks and Recreation Department, at least five (5) working days in advance.

INSURANCE & WAIVERS

General Liability Insurance: The undersigned shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office form CG 00 01 in an amount not less than two million dollars (\$2,000,000) per occurrence for bodily injury, personal injury, and property damage including without limitation, blanket contractual liability. If a general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit. The Undersigned's general liability policies shall be primary and shall not seek contribution from the City's coverage and shall be endorsed using Insurance Services Office form CG 20 10 (or equivalent) to provide that City and its officers, officials, employees, and agents shall be additional insureds under such policies. When alcohol is being served or sold at any permitted facility, it is mandatory that the General Liability Policy include Liquor Liability Coverage.

Any failure to comply with reporting provisions of the policies by the Undersigned shall not affect coverage provided the City.

Workers' Compensation: Organizations with employees shall maintain Workers' Compensation Insurance (Statutory Limits) and Employer's Liability Insurance with limits of at least one million dollars (\$1,000,000). Undersigned shall submit to City, along with the certificate of insurance, a Waiver of Subrogation endorsement in favor of City, its officers, agents, employees, and volunteers.

Indemnity/Hold Harmless Agreement: Undersigned shall indemnify, defend, and hold harmless the City, its officers, employees, agents and volunteers ("City indemnitees"), from and against any and all causes of action, claims, liabilities, obligations, judgments, or damages, including reasonable legal counsels' fees and

costs of litigation ("claims"), arising out of the Undersigned's performance of its obligations under this agreement or out of the operations conducted by Undersigned, except for such loss or damage arising from the sole negligence or willful misconduct of the City. In the event the City indemnitees are made a party to any action, lawsuit, or other adversarial proceeding arising from Undersigned's performance of this agreement, the Undersigned shall provide a defense to the City indemnitees, or at the City's option, reimburse the City indemnitees their costs of defense, including reasonable legal counsels' fees, incurred in defense of such claims.

Communicable Disease Waiver and Release: The coronavirus ("COVID-19") has been declared a worldwide pandemic by the World Health Organization. COVID-19 is extremely contagious and is believed to spread mainly from person-to-person contact. As a result, federal, state, and local governments and federal and state health agencies recommend face coverings and social distancing. The City of Exeter cannot guarantee that you will not become infected with COVID-19. Further, attending this facility for a program or activity could increase your risk of contracting COVID-19. By signing this agreement, participant acknowledges the contagious nature of COVID-19 and voluntarily assumes the risk that he/she may be exposed to or infected by COVID-19 while attending this facility and that such exposure or infection may result in personal injury, illness, permanent disability, and death. Participant understands that the risk of becoming exposed to or infected by COVID-19 may result from the actions, omissions, or negligence of himself/herself and others, including, but not limited to, City of Exeter employees, volunteers, and program participants and their families. Participant voluntarily agrees to assume all of the foregoing risks and accept sole responsibility for any injury to himself/herself (including, but not limited to, personal injury, disability, and death), illness, damage, loss, claim, liability, or expense, of any kind, that he/she may experience or incur in connection with attendance at the facility. Participant hereby releases, covenants not to sue, discharges, and holds harmless the City of Exeter, its employees, agents, and representatives, of and from the claims, including all liabilities, claims, actions, damages, costs or expenses of any kind arising out of or relating thereto. Participant understands and agrees that this release, to the fullest extent permitted by law, includes any claims based on the actions, omissions, or negligence of the City of Exeter, its employees, agents, and representatives, whether a COVID-19 infection occurs before, during, or after attending a facility program or activity.

I have read the Facility Use Policy and do hereby certify that I have been duly authorized by the above-named organization which I represent to enter into this agreement, and that the activity which the organization is sponsoring fully meets the conditions set for the herein and that we agree to observe all rules and procedures as stated.

April 3, 2025

Dear Exeter City Council,

The Mural Gallery and Gifts store is interested in promoting downtown Exeter and all the wonderful things we have to offer. In doing so we are working on the beginnings of Second Saturday to bring people into downtown.

Beginning Saturday, April 12 we will be hosting second Saturdays that will run January through November, taking a break for the Car Show and Fall Festival. We would like to use Mixter Park for our events. Use of the area will provide us with an area to host a kid activity, a maker's project, and space for the community to meet local artisans. We envision in the future this stretching from the Kiwanis arch down to the Chamber.

This will be an ongoing project that is in its infancy. We are requesting a fee waiver for the Special Event Permit of \$166 to be waived.

Thank you for your consideration,

The Mural Gallery and Gifts Store

City Staff recommends that the City Council approve the Police

Department temporary restroom rental for an additional three (3) months through the end of the repair and remodel of the Police/Administration building.

Summary/Background:

Originally it was thought that the City staff would have to use the Police Department/Administration Building during the repair and remodel. However, due to the actual level of demolition required on the interior and the unexpected availability of temporary facilities to move into, it was determined that temporarily relocating staff out of the building would be the best option.

Temporarily relocating the Police Department into a construction office type trailer set adjacent to Joyner Park and near a City power panel became a viable option. However, restrooms were also needed, at least through part of the construction since the building restrooms had to be completely reconfigured to meet Americans With Disabilities Act (ADA) requirements.

Staff looked at the options for providing the temporary restrooms. The Police Department owns a restroom trailer, however it was being used at the Police Range, and is anticipated to be used frequently at the Police Range over the next three months while the building project is being completed. This restroom trailer is set up to discharge into a septic system on site at the range with no monthly cost to service. The rented restroom trailer at the temporary office trailer costs \$2,105.00 per month for rent and service. The Police Department restroom trailer could be relocated to the office trailer location but it would then require contracted servicing at \$1,670.00 per month since the City does not have equipment to do this kind of servicing. This would then require rental of porta potties at the range with servicing at this location since porta potties aren't set up to discharge into septic systems. The porta potty cost would be \$461.00 per month. This would result in a total cost of \$2,131.00 per month.

When the rental restroom trailer was originally set up at the construction office the length of time it would be needed was unknown and thought that the total cost would be within the City Administrator's purchasing authority of \$10,000.00. However, due to the discovery of a bearing wall in the area of the building bathroom that had to be reconfigured, the building bathrooms are not going to be accessible until closer to the end of the project. Based on the similar costs presented above and the need for the rental restroom trailer for another three months, staff is

requesting authorization of the rental restroom trailer through the end of the building construction at an additional cost of \$6.315.00 and a total cost of about \$13,380.00 through the entire project.

Fiscal Impact:

An additional cost of about \$3,380.00 beyond the originally anticipated \$10,000.00, which can be included in the available funding that has been identified for the project.

City of Exeter Agenda Item Transmittal

Meeting Date: April 8, 2025 For action by: ⊠City Council Agenda Item Number: 1.8. Regular Session: Wording for Agenda: Approve and authorize Mayor to sign and submit a letter of opposition to Senate Bill (SB) 79 (Wiener) ☐Regular Item regarding transit-oriented development and its implications for local □ Public Hearing land use authority. Review: Submitting Department: Administration Contact Name: Francesca Quintana, City Clerk/Human City Administrator Resources Manager (Initials Required) Phone Number: (559)592-9244 ext. 1001 Email: fquintana@exetercityhall.com

Department Recommendation:

City Staff and Council Member Riddle recommend that the City Council approve and authorize the Mayor to sign a letter opposing SB 79 (Wiener) regarding transit-oriented development and its implications for local land use authority.

Summary:

SB 79 (Wiener) proposes to transfer local land use authority to transit agencies, reducing the City of Exeter's ability to manage its own growth and development. The bill does not ensure housing production, may lead to overdevelopment without infrastructure support, and bypasses environmental and community input processes. The City of Exeter, as a member of the Tulare County Regional Transit Authority (TCRTA), would have limited influence over land use decisions despite holding only one vote within the authority. Given these concerns, staff recommends that the City Council formally oppose SB 79 and communicate this opposition to Senator Wiener and relevant legislative bodies.

Background:

Council Member Riddle has requested that the City of Exeter formally oppose SB 79 (Wiener) and join the League of California Cities (Cal Cities) in expressing concerns about this proposed legislation. SB 79 would grant transit agencies significant authority over land use decisions without requiring the development of housing, including affordable housing. The bill also undermines state-mandated local housing elements by imposing a top-down, transit-centric approach that disregards local needs and input.

SB 79 poses significant concerns for the City of Exeter, particularly in how it shifts decision-making power away from local governments to transit agencies. Specifically:

Dilution of Local Control: Exeter is a member of the Tulare County Regional Transit
Authority (TCRTA), where it holds only one vote. Under SB 79, TCRTA—rather than the
City of Exeter—could be granted control over land use decisions on properties it owns or
has a permanent easement on, even if those properties are far from transit stops. This
means Exeter's control over land use in its own jurisdiction would be significantly
weakened.

- No Guarantee of Housing Production: The bill does not require that transit agencies approve residential development or mandate the construction of affordable housing.
 Instead, agencies could approve purely commercial projects without adding a single new home, despite the state's housing crisis.
- Overriding Local Planning and Community Input: Exeter has invested substantial time and resources in creating its General Plan and Housing Element to ensure thoughtful and community-driven growth. SB 79 would allow transit agencies to bypass these locally developed plans, negating years of community engagement and environmental review.
- Potential for Overdevelopment Without Infrastructure Support: The bill could allow for high-density developments of up to seven stories and 120 homes per acre near transit stops, without requiring proper infrastructure improvements to support such growth. Exeter's small-town character, infrastructure capacity, and public services could be strained by unplanned, high-density developments.
- Environmental and Aesthetic Concerns: SB 79 eliminates certain local oversight
 processes, such as environmental impact assessments and public input mechanisms,
 which are crucial in ensuring developments align with Exeter's character and
 sustainability goals.

SB79 represents a significant overreach into local land use authority, shifting power to regional transit agencies and limiting Exeter's ability to plan for its own future. Given the concerns outlined above, City Staff and Council Member Riddle recommend that the City Council approve the opposition letter and formally communicate Exeter's position to Senator Wiener and other relevant legislative bodies.

Fiscal Impact:

While the direct fiscal impact of SB 79 is uncertain, the City could face increased costs related to infrastructure expansion, public safety, and municipal services if high-density projects are approved without City oversight. Additionally, the loss of local control could impact future Cityled development initiatives and revenue streams.

Prior Council/Board Actions:

None.

The Honorable Scott Wiener Senator, California State Senate 1021 O St, Suite 8620 Sacramento, CA 95814

RE: SB 79 (Wiener) Transit-oriented Development – Notice of Opposition

Dear Senator Wiener,

The City of Exeter writes to express our strong opposition to your SB 79, which would disregard state-certified housing elements and bestow land use authority to transit agencies without any requirement that developers build housing, let alone affordable housing.

SB 79 doubles down on the recent trend of the state overriding its own mandated local housing elements. This latest overreaching effort forces cities to approve transit-oriented development projects near specified transit stops — up to seven stories high and a density of 120 homes per acre — without regard to the community's needs, environmental review, or public input.

This bill would have a significant and adverse impact on Exeter. As a small, rural city and a member of the Tulare County Regional Transit Authority (TCRTA), the City of Exeter holds only one vote among many. Under SB 79, land use authority would shift to TCRTA for properties it owns or holds a permanent easement on — even if located far from any actual transit stop. This effectively strips Exeter of its ability to govern its own land use decisions and undermines years of planning efforts involving substantial public participation.

Most alarmingly, SB 79 defies cities' general plans and provides transit agencies unlimited land use authority on property they own or have a permanent easement, regardless of the distance from a transit stop. Transit agencies would have the power to determine all aspects of the development including height, density, and design, without any regard to local zoning or planning.

This broad new authority applies to both residential and commercial development. Transit agencies could develop 100% commercial projects — even at transit stops — and not provide a single new home, while simultaneously making the argument that more housing must be constructed around transit stops.

The City of Exeter appreciates and respects your desire to pursue a housing production proposal. However, as currently drafted, SB 79 will not spur the kind of housing construction California needs — particularly not in a manner that supports local flexibility, decision-making, and community input.

KETE

Sincerely,

Office of the Mayor

California will never produce the number of homes needed with an increasingly state-driven, by-right housing process. What we really need is a sustainable state investment that matches the scale of this decades-in-the-making crisis. For these reasons, the City of Exeter strongly opposes SB 79..

City Administrator (Initials Required)

ach,

Department Recommendation:

City Staff recommends that the City Council either appoint a representative directly to the Measure R Citizens Oversight Committee or direct staff to open an application process for interested candidates.

Background:

On November 7, 2006, Tulare County voters approved Measure R, a 1/2 cent sales tax dedicated to transportation funding for a 30-year period. The purpose of the measure is to generate approximately \$652 million for transportation projects across the County.

The Citizens' Oversight Committee consists of 16 members and is designed to represent the diverse communities within Tulare County. The committee's role includes providing input on the implementation of the Measure R Expenditure Plan, advising the Authority Board on necessary adjustments, ensuring funds are allocated appropriately, and maintaining public transparency regarding expenditures.

The committee meets quarterly to review Measure R transactions, discuss upcoming projects, and assess the effectiveness of funding allocations. It plays an essential role in ensuring that Measure R funds are utilized to their fullest potential for the benefit of Tulare County residents.

Summary:

The City of Exeter has a community representative position on the Measure R Citizens Oversight Committee through the Tulare County Association of Governments (TCAG). On October 10, 2023, the City Council appointed Jon Stearns to the committee. Mr. Stearns has served since that time but resigned from his position as of March 25, 2024. We thank Mr. Stearns for his time and commitment to the committee. As a result, TCAG has requested that the City appoint a new representative.

TCAG would like to have a representative in place by July 2025. The position remains open until an appointment is made. Typically, terms begin in July; however, due to the mid-year resignation of the Exeter representative, the position remains vacant at this time.

The City Council has two options:

- 1. Appoint a representative directly.
- 2. Open an application process and accept applications from April 9, 2025, to April 23, 2025, with applications brought before the Council for selection on May 13, 2025.

Fiscal Impact:

There is no fiscal impact beyond already budgeted items. However, the appointed representative will advocate for City projects that could benefit from Measure R funding.

Prior Council/Board Actions:

Previous appointments to the Measure R Citizens Oversight Committee, including the appointment of Jon Stearns on October 10, 2023.

Attachments:

None.

Recommended motion to be made by Council/Board: I move to appoint a representative directly **OR** open an application process for the Measure R Citizens Oversight Committee representative position.

City of Exeter Agenda Item Transmittal

Meeting Date: April 8, 2025

Agenda Item Number: J.2.

Wording for Agenda: Receive three-month update on the repair and remodel of the Police Department/Administration Building.

Submitting Department: Public Works

Contact Name: Adam Ennis, City Administrator

Phone Number: (559) 592-4539 Email: adam@exetercityhall.com

Department Recommendation:

That the City Council receive three-month update on the repair and remodel of the Police Department/Administration Building.

For action by: ⊠City Council Regular Session: □Consent Calendar ⊠Regular Item □Public Hearing Review: City Administrator (Initials Required)

Summary:

On October 22,2024, the City Council awarded a construction contract to Sierra Range Construction in the amount of \$1,470,000.00 to repair and remodel the Police Department/Administration Building and authorized a contingency amount of \$147,000.00 (10%) for change orders to keep the project moving as unforeseen needs arose. The project was estimated to take six months to complete and began on January 2, 2025.

The project has been progressing well, in spite of some rainy weather. Nearly all of the demolition has been completed and the contractor is working on constructing the improvements on and within the building. The project occurred just in time to primarily catch the wood dry rot in the wood siding only, with only a couple pieces of wood framing having to be replaced due to rot. The contractor has indicated that they continue to anticipate completion of the project in the 6-month timeframe, which would be in June of 2025.

There have been several changes required through the project resulting in two change orders so far. The change orders have been reviewed by the contractor, construction manager, the architect and the City. The change orders have been found to be needed and the costs reasonable for the added work to be done.

Change Order number 1 consisted of changing the contract payment retention amount from 10% to 5%. The construction documents that were used for bidding were an older set which still included the 10% retention call out, which has since been changed to 5% in the contract code unless the project has some special characteristics warranting a 10% retention. The common retention for this type of project is 5%. This was a no cost change order.

Change Order number 2 consists of eight modifications that required extra work and costs. The changes are:

1.0 Removal of 3' to 4' of block wall on the northeast corner of the building to provide access for installing stucco and replacing the removed block wall with a new lockable wrought iron man gate, and access walk to the sidewalk. It also included removal of

the back and one side wall of the trash enclosure to allow more room for installation of stucco. Cost = \$20,993.43.

- 2.0 Originally in the specifications it was indicated that the City staff would be using the building during the remodel. However, due to the actual level of demolition required on the interior and the unexpected availability of temporary facilities to move into, it was determined that temporarily relocating out of the building would be the best option. Based on the original specifications, the contractor had assumed that the staff would be moving themselves and furniture within the building during the project and had not planned on removing all the furniture from the building. With staff temporarily relocating out of the building the contractor asked to split the furniture removal and replacement cost with the City. Cost = \$3,379.17.
- 3.0 Removal of 3' to 4' of block wall on the southwest corner of the building to provide access for installing stucco and replacing removed block wall with new lockable wrought iron man gate with panic hardware. Cost = \$9,982.37.
- 4.0 Remove existing carpet in Dispatch Room and install new carpet tiles. Cost = \$6,078.38.
- 5.0 Removal of office cabinets and counters that were not functional. Cost = \$1,528.74.
- 6.0 A few offices had old wood paneling on some of the walls making the rooms very dark and dated. In addition, the wood paneling only extended down to the countertops that were removed and not extend the full wall height. So the wood wall paneling was removed, sheetrock texture applied, and the walls painted. Cost = \$7,985.68.
- 7.0 Apparently a wood nailer was installed in the concrete stem wall around the outside perimeter of the building during the original construction. This wood nailer compromised the integrity of the anchor bolts and holdowns, requiring the wood nailer to be removed and replaced with concrete. Blocking and strapping at shear walls was also required. Cost = \$31,543.43.
- 8.0 Once the outside evidence storage room was emptied and some of the wood siding removal had occurred it became apparent that the metal roof of the outside evidence storage area needed to be removed to allow for a seamless application of the stucco to minimize risk of future water intrusion into the wall. Removal of the existing metal roof, installation of a ledger and flashing and reinstallation of the metal roofing was required. Cost = \$33,015.35.

CHANGE ORDER TOTALS: \$114,506.55 (7.8% of original bid)

Background:

After decades of deferred maintenance due to budgetary constraints and insufficient fund balances, the City is repairing and remodeling the existing Police Department and Administration Building (PD/Admin Building). This building houses the entire operation of the Police and Administration Departments. Over the decades the building has deteriorated, in particular the exterior siding and trim, air conditioning system and interior finishes. The building is also not in compliance with current Americans With Disability Act (ADA) requirements. The City was not in a financial position to fund and build a new similar size (6,500 square feet) PD/Admin Building without borrowing. With current cost estimates for essential service building construction at about \$1,000.00 per square foot the total cost to build a new building would be around \$6,500,000.00 to \$7,000,000.00.

In light of these costs and that the City had about \$1,160,000.00 of funding remaining from the Coronavirus Local Fiscal Recovery Fund (CLFRF), which was established by the American Rescue Plan Act (ARPA), Council previously directed staff to repair and remodel the PD/Admin Building using this funding. Per this direction, City staff began working with an Architect to develop the scope of the project, including ADA improvements to meet building code requirements. Once the scope of work was determined, design of the repair and remodel began. During the design it was found that subconsultants would be required to work on structural changes to accommodate the extra weight of new exterior finishes and rearrangement of plumbing to bring restrooms into ADA compliance. In addition, some design was needed for exterior grading, drainage and ADA improvements. Once the design was completed the project plans were submitted for permits to the County building department and the City contract and Architect specifications were coordinated together, including updating to meet the requirements for federal funding. A project environmental determination also had to be made and filed. Subsequent to this work being completed the project was put out to bid.

With QK, the City Engineer, handling the bidding, the project was put out to bid for first advertisement on September 4, 2024 and for second advertisement on September 11, 2024. A pre-bid conference was held on September 11, 2024 and the bid(s) were opened on October 3, 2024. Only one (1) bid response was received from the following contractor:

Sierra Range Construction

\$1,470,000.00

Sierra Range Construction's bid proposal for this project was reviewed by the City Engineer, the Architect and staff and was been determined to be complete and responsive. The funding for construction of this project is planned to be from ARPA funds, with additional funding from revenue over expenses from the previous fiscal year. Awarding this project obligated the ARPA funds prior to the December 31, 2024 deadline, securing that funding.

Fiscal Impact:

\$1,160,000.00 of ARPA funding, and up to \$457,000.00 of 2023/2024 revenues over expenses is being used for the PD/Admin Building Project, which includes a 10% project contingency.
